

FOR IMMEDIATE RELEASE – August 8, 2022

Sims-Lohman, one of Cincinnati’s largest private companies, announces Chicago area acquisition.

Cincinnati based Sims-Lohman, the nation’s largest provider of kitchen cabinets, granite and quartz countertops to building professionals, has acquired Seigle’s Cabinet Center which serves the suburban Chicago market.

Sims-Lohman has 20 sales showroom locations across six states. Sims-Lohman currently has four regional distribution centers and six state-of-the-art granite and quartz countertop manufacturing plants. The addition of Seigle’s will add four sales showrooms, an additional distribution facility, 35 team members and over \$14 million in sales volume.

“Back in 2020 we began exploring an ownership succession plan for Seigle’s. We set our sights on a strategic industry buyer that was privately held, would broaden our product offering and improve our processes through technology and automation. We are excited about the future of Seigle’s under Sims-Lohman’s ownership. Together we will continue to Keep Promises, Deliver Value and Be the Best. It is our customers assurance of great products at competitive prices with unparalleled service.”

~ Mark Seigle

“We are very excited to welcome Seigle’s team members and customers to the Sims-Lohman family.”

~ John Beiersdorfer, CEO

About Sims-Lohman:

Sims-Lohman was the 62^h largest private company in Cincinnati in 2021 with \$188 million in sales and 533 team members.

The Sims-Lohman advantage includes a broad product selection, faster turnaround and a ‘one-stop’ approach for countertops and cabinets from selection through installation. Sims-Lohman fabricates more than 30,000 granite countertops while providing the cabinetry for more than 50,000 new kitchens annually.
